## Medicinal Research Reviews

### Contents, Volume 14 (1994)

---

#### Issue 1, January

Rapamycin: A Novel Immunosuppressive Macrolide <i>S. N. Sehgal, K. Molnar-Kimber, T. D. Ocain, and B. M. Weichman</i> . . . . .	1
The Arginine-Nitric Oxide Pathway: A Target for New Drugs <i>James F. Kerwin, Jr. and Michael Heller</i> . . . . .	23
Interactive Multivariate Modeling of ArgGlyAsp (RGD) Derivatives <i>Peter P. Mager</i> . . . . .	75

#### Issue 2, March

Synthetic Inhibitors of Elastase <i>Philip D. Edwards and Peter R. Bernstein</i> . . . . .	127
The Pharmacology of the Integrins <i>Dermot Cox, Toshiaki Aoki, Jiro Seki, Yukio Motoyama, and Keizo Yoshida</i> . . . . .	195
$\alpha$ -Adrenoceptors: Recent Developments <i>Robert R. Ruffolo, Jr., Jeffrey M. Stadel, and J. Paul Hieble</i> . . . . .	229

#### Issue 3, May

ACAT Inhibitors as Antiatherosclerotic Agents: Compounds and Mechanisms <i>Koyo Matsuda</i> . . . . .	271
Synthesis of Carbohydrate-Containing Surface Antigens of Mycobacteria <i>András Lipták, Anikó Borbás, and István Bajza</i> . . . . .	307
Medicinal Applications of Cyclodextrins <i>J. Szejtli</i> . . . . .	353

**Issue 4, July**

Functional Mapping of the Ligand Binding Sites of G-Protein Coupled Receptors <i>Tung M. Fong and Catherine D. Strader</i> .....	387
Potentiation of Host Defense Mechanism Against Infection by a Cytokine Inducer, an acyl-MDP Derivative, MDP-Lys(L18) (Romurtide) in Mice and Humans <i>Ichiro Azuma and Tsuyoshi Otani</i> .....	401
The Biochemical and Clinical Consequences of Lead Poisoning <i>Iman A. S. Al-Saleh</i> .....	415

**Issue 5, September**

From the Rainforest to the Reef: Searching for Bioactive Natural Products in the Mid-Pacific <i>Paul J. Scheuer</i> .....	487
Structure-Activity Aspects of Hemicholinium-3 (HC-3) and Its Analogs and Congeners <i>Joseph G. Cannon</i> .....	505
Non-Least-Squares Regression Analysis Applied to Organic and Medicinal Chemistry <i>Peter P. Mager</i> .....	533

**Issue 6, November**

Letter From the Editor <i>George deStevens</i> .....	589
Concepts and Progress in the Development and Utilization of Receptor-Specific Fluorescent Ligands <i>Nandkishore Baindur and David J. Triggle</i> .....	591
Chiral Drugs: Synopsis <i>Arnold Brossi</i> .....	665
